We are pleased to announce our latest product.

The Diver's Auto Darkening Welding Lens.

The ONLY fully waterproof 'auto-darkening' welding lens/filter available anywhere in the world today

Adopted from the Land Based System, it frees the Diver from trying to look out the corner of his Mask or Flipping the Welding / Cutting Lens up & down.

Once tried, you'll never return to glass filters again, that's a promise

The Auto Lens fits Standard KMDSI Welding Lens Assembly.
