

NEWSFLASH

17th June 2006

Advanced Marine is pleased to announce our appointment as Distributor for Aberdeen based company Sonavision.

Sonavision Ltd has a long history, (began as part of the Fugro Group, then to UDI, followed by the Stenmar Group, & finally Sonavision Ltd) producing High Resolution Sonars, primarily for the ROV market.

These include the SV300, SV2000, SV3000, SV4000 & SV6000, utilizing the Miverva Surface Control Unit.

Recently, these have evolved into the new Mercury Scanning Sonar, & Titan Long Range Sonar utilizing the Minerva Surface Control Unit, or they can be run from a PC with Software being free of charge, allowing considerable cost savings.

Mercury Scanning Sonar

Titan Sonar
